

Rhino[®]
Fire Control

- PROTECTING **PEOPLE**
- PROTECTING **PROPERTY**
- PROTECTING **PROFIT**

Rhino Fire Control is an independent family-owned business based in the south west with specialist technician coverage across the country.

Since its inception in 1992, Rhino has distinguished itself as truly different. We have set ourselves apart by focussing on giving you one thing; peace of mind. We have a pragmatic but professional approach and strive to deliver reassurance every time.

We are a successful company, and we invest the results of this success into our staff, our processes and our infrastructure to ensure you get innovative, fit-for-purpose solutions. We focus purposefully on people in specialist markets who want peace of mind.

Your Peace-of-Mind Policy

Downtime reduction guarantee

Implementation of our solutions will reduce your downtime and hidden costs.

False alarm reduction guarantee

Our methodology will reduce false alarms in your business.

Extended warranty

Industry-unique support for your investment.

Personal service

We strive to give the most personal service in the industry.

Price assurance

We aim to match any genuine, like-for-like quote.

○ **Our Mission** – we protect *people, property, profits*

○ **Our Vision** – Rhino Fire Control will become *the* fire and security protection partner to specialist industries

○ **Our Values**

Responsive – we act when you need us to

Approachable – we listen, all the time

Responsible – we take our obligations seriously

Professional – we set and adhere to high standards of conduct
